

Sarrat NHS

- **For Admin.**

- Add additional column to each department in the teacher tab
- Add two way authentication or the contact number and email.

- **FOR TEACHERS**

- Calendar of Activities Tab, it will be nice if we can also download files
- Training Attended Tab,
 - I just want to suggest that all the training attended by the personnel can be consolidated and can be downloaded in excel file.
 - Include number of hours in the table for easy access
 - By major/department and add additional features such as yearly reports (PDS, Service Credits and LOA).
 - It would be better if I could edit the training and other details since it is my personal training.
 - There are some features that need to be improved. Update of certificate such as title, time and date of start and end.
- Changing Password,
 - There should be a two-way authentication process in changing passwords for example email or text verification.

us who have problems with the storing of files. I'm looking forward to this being utilized in the entire SDOIN.

- ★ Overall, the system is very helpful and efficient for us.
- ★ This will be very helpful for SDOIN. I hope it will work soon.
- ★ The system is good. It suits the learning and teaching environment and at the same time is very timely. This technology should be pursued and recommended for easier and faster access to data.

Bingao NHS

- **Training Attended Tab,**
 - Can add columns where teachers can add the time and date the seminar started and ended. They can also add a column where the system computes the total number of hours rendered by the teachers.
 - Can be shared with other agencies.
-
- ★ Congratulations for coming up with this application. I believe that it will be a great help to us teachers to be uploaded and it will protect our files.
 - ★ It is a good system that helps the user track future events and personal records.
 - ★ Very Access! Very Commendable!
 - ★ The system is a good help to us teachers (employees of deped), it is more accessible and organized. You can access anywhere and paperless indeed! Kudos!
 - ★ The researcher was able to create a good monitoring tool for teachers training. The system has a user-friendly and manageable interface.

Sta. Rosa NNHS

- **Dashboard/News**
 - Must include features which will notify users if there's a new announcement on notification.
 - Include a list of events on the Dashboard for faster browser, It should have a localized event on the calendar of activities.
- **Training Attended**
 - Search tool for year of training
- Add feature such that of the DePed Infoboard
- The system if ever something is uploaded, there should be a notify to all teachers in the system.
- It could have been better if users are notified via their registered email and also notified to news and updates.
- There should be a feature for teachers to upload reports
- There should be a feature to notify in our emails about the updates and announcement.

- I would suggest having a notification for us to be aware that there are updates since we are busy and doesn't hold our cellphone or laptop all the time.
- ★ Helpful for us in the teaching field
- ★ Hopefully soon, you can make this be accessible even if there's no internet.
